

Print out the popcorn bag elements on ink jet paper. Cut out both pieces of the popcorn bag. Write your name on the bag. Make all of the indicated folds, away from you.

Attach Tab A behind Panel 4 using glue stick or tape. (We don't recommend rubber cement.) Next, adhere Tab B to Panel 2 and Tab C to Panel 4. Then attach Tab D to Panel 3 and Tab E to Panel 2.

Your popcorn bag is now complete! Fill with popcorn and enjoy!
